Al Ain University shows the Evidences of Crime Scene

The Deanship of Student Affairs of Al Ain University of Science and Technology, Abu Dhabi Campus, in cooperation with the Department of Crime Scene, Directorate General of Security Affairs and Ports at Abu Dhabi Police organized a workshop entitled Preservation of Crime Scenes Evidence, presented by Captain. Boushrah Adlani.

The workshop included the definition of the crime scene action and the purpose of it, which is to raise the awareness of the students and the university's family about how to deal with various security events and methods of managing risks in a right manner. Attendees were also introduced to the most important equipment and supplies used in the crime scene.

At the end, the attendees praised to hold such workshops, which promotes the concepts of cooperation in the university's environment, socially and academically with the competent authorities.
