Policies and Procedures

The AAU “Policies and Procedures”, through which the University functions as an institution, are composed based on the requirements of the “Standards for Institutional Licensure and Program Accreditation 2019” - Commission for Academic Accreditation (CAA) - UAE Ministry of Education (MoE) and grouped according to these standards.

The “Policies and Procedures”, does not represent a contract between AAU and any employee, student, or other person. However, these policies, along with the University Catalog and all Handbooks, constitute a good-faith effort to outline normal policies including rules, regulations, and procedures currently in force at the AAU.
