

## College of Pharmacy

[About the College > Overview](#)

### Overview

The College of Pharmacy at Al Ain University was established in the academic year 2006 -2007. It started with a modern approach in management, syllabi, structure and ambitions toward better education and research.

In the B. Sc. Pharmacy Program, the college offers a solid foundation in core pharmacy courses, which include the basic medical, pharmaceutical and clinical sciences in addition to the advanced professional and training practices.

The M. Sc. Clinical Pharmacy program is designed to integrate advanced didactic courses with case application exercises, advanced clinical clerkship experiences, and a research project.

In the academic year 2020/2021, the college start offering two new programs, first the B. Sc. Nutrition and Dietetics program. The program is structured to understand the major role of healthy nutrition in the prevention, development, and treatment of most major diseases and to understand the relationships between nutrition, health, and disease.

The second program is the M.Sc. in pharmaceutical sciences (MSPS) which aimed to prepares graduates that are competent, highly skilled researchers, who can conduct a high caliber research in the field of Pharmaceutical Sciences and to prepare experts who will lead the innovation in the national pharmaceutical industry, academic and research institutions

To optimize the practical part of the curriculum, the college possesses a large number of facilities; including laboratories with highly advanced equipment.

The International Certification of the B. Sc. Pharmacy Program granted to the College of Pharmacy by the ACPE (Accreditation Council of Pharmacy Education) is considered as one of the remarkable achievements by the College of Pharmacy in the academic year 2014-2015.
